About us

关于我们

佛山市科猛创易科技有限公司是专业从事超高压水射流切割设备（简称“水刀”）的研发、生产、销售与服务的高新技术生产厂家。

我们在悬挂稳固钢结构和液压流体力学方面有着多年的研发、方案设计与实施的丰富经验，为水刀设备的生产制造打下了优质而坚实的技术保障基础。

多年来我们不断地创新、打造和提升着在超高压水射流方面的技术优势，一直致力于对水刀设备更高性能的挖掘。

QOMOTECH-INNOVATIONS is a high-tech manufacturer specializing in the research and development, production, sales and service of ultra-high pressure water jet cutting equipment (referred to as "water knife").

We have many years of experience in research and development, scheme design and implementation of suspension stable steel structure and hydraulic fluid mechanics, which has laid a good and solid technical support foundation for the production and manufacturing of water knife equipment.

Over the years, we have continuously innovated, created and improved the technical advantages in the field of ultra-high pressure water jet, and have been committed to the exploration of higher performance of water knife equipment.

我们的目标是 ●●●
站在中国同行业的制高点，
比肩世界一流同类设备的技
术和性能！

Our goal is to stand in the commanding heights of the same industry in China, and to stand shoulder to shoulder with the world-class technology and performance of similar equipment!

FIVE-AXIS WATER CUTTING PLATFORM

产品特点 Product features

科猛水刀领创款，是科猛技术专门针对岩板加工、卫浴盆及台面加工、石材和陶瓷加工而研发调整出来的一款特别适用于该领域的操作及应

用的水刀设备，具有稳定性好、精度高、速度快、适应性强等诸多优异性能和优势特点，具有超高性价比，大力提高了工厂效能！

科猛领创款水刀对于岩板、石材、陶瓷的高精度、高速切割性能，可大幅为相关行业的生产加工提高生产效率，其优异的结构稳定性能更好地保证生产的顺利进行！

同时，科猛公司拥有特别强大的售后力量，众多的优秀售后工程师和遍布全国的售后服务网点，让我们有实力、有信心能够为您提供最好、最贴心的服务保障！

QOMOTECH-Leader, the very kind of water jet that is special technology for rock slabs processing, bathroom basin and surface processing, stone and ceramic processing research and development adjustment of a particularly applicable to the operation and application of the field of water jet device, has good stability, high precision, high speed, strong adaptability, and many other excellent performance, and the characteristics of the advantages, has a high cost performance, vigorously improve the factory efficiency!

The high precision and high speed cutting performance of the QOMO Leader water jet for rock slabs, stone and ceramic can greatly improve the efficiency for the production and processing of related industries, and its excellent structural stability can better ensure the smooth progress of production!

At the same time, QOMOTECH company has a particularly strong after-sales force, a large number of excellent after-sales engineers and after-sales service outlets throughout the country, so that we have the strength, confidence to provide you with the best, the most intimate service guarantee!

主要技术参数 Main technical parameters

型号 Model	QM1313	QM2015	QM2515	QM3020	QM4020	
结构形式 Structure type	悬臂式 Cantilever	龙门式 Gantry	龙门式 Gantry	龙门式 Gantry	龙门式 Gantry	
切割台尺寸 Cutting table size	1500x1500mm	2100x1600mm	2600x1600mm	3100x2100mm	4100x2100mm	
切割行程 Cutting stroke	X - 轴 X-axis	1300mm	2000mm	2500mm	3000mm	4000mm
	Y - 轴 Y-axis	1300mm	1500mm	1500mm	2000mm	2000mm
	Z - 轴 Z-axis	130mm	130mm	130mm	130mm	130mm
	A - 轴 A-axis	±65°	±65°	±65°	±65°	±65°
	C - 轴 C-axis	无限旋转	无限旋转	无限旋转	无限旋转	无限旋转
CNC 控制器 CNC Controller	交流伺服系统 AC Servo system					
精度 Accuracy	切割精度 Cutting precision	±0.1mm				
	重复定位 Resetting	±0.01mm				
快速定位速度 Traverse speed	6500/15000mm/min					
电源 Power	220V/380V/415V AC,50/60Hz
